

To prevent the spread of COVID-19

It has been confirmed that technical intern trainees are being tested positive after arriving in Japan. To prevent the spread of the infection, be sure to observe the following.

1. Have the test at a reliable testing organization

• To obtain the Certificate of testing for COVID - 19 that is required for entry into Japan, please have the test conducted by a reliable testing organization.

2. Wait in a private room before heading to Japan !!

• After undergoing the tests required to enter Japan, avoid eating and drinking with family and friends, and after the tests, do not participate in any occasion that has a chance for infection.

• Avoid contact with others and as much as possible, spend your time in a private room, and eat alone in a private room.
• Please wear a mask while waiting for departure or while on board the plane to Japan, and disinfect your hands and fingers frequently.

3. Use the Fast Track

• Before departure, install the "Mysos" app on your smartphone, complete the procedures required to use Fast Track, and then head to Japan.
